

Tempe Youth Showcase

Production Team/Steering Committee 2006-07

What is the Tempe Youth Showcase?

The Tempe Youth Showcase is an exciting new opportunity for high school students to create a community wide event featuring their peers. Students selected to be on the Production Team/Steering Committee will develop, under the guidance of volunteer professionals, all aspects of the production including determining the show's theme, selecting the talent, designing the sets, writing press releases, attracting corporate sponsorships, and learning technical stagecraft. The Showcase will provide an opportunity for people eighteen and under to share their talent with the entire community.

What is Required?

Committee members are required to attend full committee meetings twice per month (only one in December). Additional small group meetings may be scheduled during the spring semester to complete specific tasks. Regularly scheduled meetings will occur every other Wednesday, except during school breaks.

Who is eligible?

High school students attending any of the Tempe Union High School District schools, students residing in Tempe, or attending a private or charter school in Tempe are eligible.

So What Does the Production Team/Steering Committee Do?

The Production Team/Steering Committee (PTSC) are the teens who are responsible for producing Tempe's first annual Youth Showcase. PTSC members will work with professional mentors to learn the skills they will need to produce a successful community event. They will be responsible for the guiding the development of the Showcase as well as the work leading up to the event. PTSC members are **not** the performers, but will help determine the performances based on a set of criteria that they will establish.
